### WOMAN'S TRIALS.

Her Bitter Disappointment.

The bitter trail in a woman's life is to be childless. Who can tell how hard the struggle may have been ago she learnt to resign hersel to her lonely to? The absence of this link to bind marital life together, the absence of this one piedge to mutual affection is a commen disappointment. Many unfortunate couples become extranged thereby. Even if they do not drift apart, one may read the whole extent of their dis appointment in the eyes of such a children of others. To them the largest family does not seem too numerous. It will rather appear to them that those on whom this blessing has been most largest family does not seem too numerous.

In many cases of barrenness or child-leaness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a parren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but oasily removable by painless operative treatment at the Invalids' Hotal and Surgical Institute, Buffalo, N. You do not have to take Dr. Pierce's word alone for this, because the ingredients of which the "Favorita Prescription" are composed have received the most positive entorsement from the leading medical writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the nglish on the wrapper enclosing the bottle, so that if you are an invalid woman and make use of this famous medicine you know exactly what you are taking. Dr. Plerce takes his patients into his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most carofal examination.
